

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO and the FY 2022 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization’s (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

FMF has extensive experience in the utilization of government funding at the federal, state, and local levels. FMF utilized SAMHSA funding to implement the ABC-infant and ABC-toddler DCIT for children experiencing homelessness for children in FMF’s emergency shelter and for those children who left the shelter for permanent housing for up to 18 months. Additionally with these funds FMF provided developmental and socio-economic screening for children and depression screening for all parents and to ensure the READY-funded EBTs (ABC and PCIT) are available to all families at the shelter and up to 18 months after leaving shelter.

FMF effectively uses NC ESG funding to aid utility costs for its emergency shelter. FMF receives City of Durham CDBG funds to provide case management for families experiencing homelessness in its emergency shelter, and also utilizes City of Durham funding for its Rapid ReHousing program. FMF has effectively used FEMA funds for costs of safety supplies such as masks, sanitizer, gloves and other items needed to prevent the spread of COVID-19. FMF’s ARPA-R Phase 39 is used to aid families experiencing homelessness at in the emergency shelter for emergency-related costs for families. During the height of the COVID pandemic, FMF used ESG-CV funds to pay for food, shelter, and supportive services for families.

FMF is also the recipient of funding from the local Participatory Budget for extending shelter aftercare for families from 12 months to 18 months. FMF continues to look for efficient and streamlined approaches to ensure that it continues to be a good steward of the funds allocated by the government, foundations and grantors, and its faithful donors.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

At FMF, government funding is viewed as a critical component to the leveraging of multiple funding streams in order to achieve measurable results in reducing the number of families experiencing homelessness. FMF follows governmental requirements and/or recommendations to set up all of its programs, and uses funds from grantors, donors, and special events to invest in the projects that receive federal, state, and/or local government support. One example of how the leveraging of funds between public/private partnerships is with the implementation of the RRH program. FMF used its strategic investment funds comprised of donations and special events to invest in the RRH program that includes local grant funds from the City of Durham. FMF understands the increased impact of projects that include both government and private dollars.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

FMF's financial operations is governed by its Board-approved Financial Operations Manual. The manual is followed by FMF's executive director, finance and administration director, accountant, and all FMF staff. FMF financial practices include daily operations, funding requests, payment of invoices, GAAP accounting practices and more. More specifically, there are checks and balances in all aspects of financial operations from how the mail is opened, and deposits of revenue are made to ensuring that all income and expenses are specific to appropriate and mandated requirements. The accountant and finance director uses Quickbooks for all accounting and FMF is audited annually by an independent accounting.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Families Moving Forward (FMF) is the product of a successful merger of Genesis Home and Interfaith Hospitality Network, and has been serving families experiencing homelessness for more than 30 years. FMF operates an emergency shelter and began implementing a rapid rehousing program in June of 2022 in order to build on its extensive success in working with local landlords to effectively place families in stable housing. The Rapid Rehousing program places not only families from our shelter, but also unsheltered families living on the street into permanent housing. FMF is considered a leader in not only successfully placing families into stable housing, but also in providing supportive services for up to 18 months after families move into housing. These supportive services include, but are not limited to helping families reach and maintain financial stability, continue with behavioral health services, find employment, achieve job security, and receive educational and emotional assessments for children. At FMF, we strive to rapidly rehouse families as quickly as possible and work to eliminate generational poverty by providing the services children experiencing homelessness need to thrive and succeed. Throughout the many years of serving families experiencing homelessness, FMF has served scores of adult survivors of domestic violence. There are multiple and complex needs of domestic violence survivors as a result of the violence they have experienced, and may require additional services that require FMF to work with its community partners who are trained in treating victims of domestic abuse. In order to best serve these families the Rapid ReHousing program will enable FMF (while continuing to work with community partners) to move these families into safe housing quickly, and enable the Rapid ReHousing Mentor (RRHM) to identify and address needs specific to the families' needs, and in addition to working with survivors to develop a workable financial plan and housing plan to also create a safety plan. All plans will be reviewed bi-weekly at FMF Family Empowerment Team meetings, and with the survivors.

This project will enable at least 12 survivors of domestic and/or sexual abuse and their children to achieve housing success by providing all or some of the following services: Housing Relocation and Stabilization Services; Rental Application Fees, Security Deposits; Last Month's Rent, Utility Deposits; Utility Payments; Up to Six Months Utility Arrears; Moving Costs; Housing Search and Placement; Rapid ReHousing Stabilization Mentor; Direct, low barrier, contracted mental health services with clinicians already under contract with FMF; and any additional supportive services identified within the scope of this project. This estimate of at least 12 and up to 15 clients is based on an estimated cost of ~\$1,200/month in rent for 12 months of subsidy for 12 individual 2-bedroom tenant-based rental units. FMF will provide supportive services for up to 18 months as continued casework, and through continued partnerships with community partners trained in domestic and sexual abuse.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

FMF’s emergency shelter program instituted a 2-track system in May of 2022 for identifying and supporting families to rapidly exit emergency shelter. Track one is considered a Fast Track and families who are placed on the "fast track" are families who enter shelter with some of the following: employment, employable skills, landlord support letters, checking account, and other tangibles that can help with moving into permanent housing fairly quickly. Families on track two, are identified as no income, little to no employable skills or employment leads, poor credit histories, and chronic homelessness. These families receive supportive services aimed at helping them to secure housing, but recognizing that it will take longer to move the families into permanent housing. FMF works closely with families on both tracks to ensure that families are moved into housing as quickly as possible with as much support as possible. Additionally, when there is an opening, families referred directly to this RRH project from Entry Point Durham or the CoC prioritization referral process will be contacted within 72 hours to schedule an intake appointment. FMF will use State ESG and FMF-specific documents to verify eligibility, complete initial and interim assessments, and ensure that housing and habitability requirements are met.

As part of the CoC Coordinated Entry intake and assessment process, families are screened using The HARK self-reported screening tool. After a family has been referred for shelter, services or support it they may disclose that they are DV survivors. When it is learned throughout client engagement and case management support that a client identifies as a survivor but had not previously shared this the RRH Mentor Advocate will complete an Interim assessment in HMIS to document and follow CoC processes to update the By-Name-List for prioritization. Only DV survivors will be served in this project. DV survivors are identified at intake (both in shelter and RRH). Once a DV survivor is identified, the RRH Case Mentor meets with the survivor to create a safety plan, housing plan, and financial plan; and immediately connect the client with identified supportive services needed to ensure quick, safe, and maintainable housing. FMF will work with identified landlords to aid in the successful placement of survivors with safety in mind. Additionally, Program staff support client choice and assist clients in finding housing options that are the type of housing the client desires and in the areas that the clients identify. Staff will also support the client as safety plans are created to help ensure safety.

RRH staff will work with the families to identify housing options through their ongoing relationships with landlords, property managers, and housing location staff of other CoC agencies. The RRH team will help families identify units they can afford to promote the probability that families will continue to afford their units once the subsidy has expired. The RRH staff will continue to work with the families on their financial and housing stabilization plans through regular meetings with FMF Family Empowerment Team and with the family on a weekly basis. Continued support will be provided to families for up to 18 months after moving into permanent housing.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

At FMF coordination and integration activities for families begin at client intake. FMF has built a robust network of mainstream community partners over the years, and communication is daily and ongoing. When a survivor is accepted into the FMF RRH program he/she meets with his/her Intake Coordinator (IC) to identify causes leading to the family's state of homelessness and barriers to regaining housing security. The IC will begin to identify community partners who will be contacted to provide coordination in addressing needs that led to the family to experiencing homelessness or barriers to the family securing and stabilizing housing security. The IC will then meet with the family, and the RRH Mentor Advocate (RRHMA) to help the family prepare a financial plan and a housing retention and stabilization plan. The RRHMA will begin contacting community partners that can aid families in reaching their financial and or housing plans. The RRHMA helps families to complete necessary paperwork, schedule and attend appointments, seek job skills and/or training, and apply for jobs, look for housing, and apply for all eligible resources. While discussing the family's plan to obtain or increase income and their employment goals, FMF staff provides information about the Work First program to families and supports them through the application process if the head of household is interested and thinks they are eligible. FMF and Goodwill Industries of Eastern North Carolina partnered to create a workforce development program and all households served by FMF have the opportunity to participate in this apprenticeship program. Additionally, FMF works closely with Urban Ministries of Durham's workforce development team so that all families experiencing homelessness receive similar services and support. FMF partners regularly with Dress for Success, StepUp Durham, NCWorks and NextGen, and Durham Technical Community College. FMF and Goodwill Industries of Eastern NC have partnered and developed the Accelerated Career Training Program. This program offers families served by FMF opportunities to attend the 6-session trainings to build their skills that will aid them in landing a job in the retail industry. The RRHMA attends the weekly FME Family Empowerment Team meetings (FET) to review case files of the families with other programming, and IC staff to ensure that all avenues are afforded to families to enhance financial and housing stabilization. The RRHMA also meets with families weekly to ensure that they are staying on track for obtaining their housing and financial goals.
